The Newborn *Nomads*

We are a Dutch family of four preparing to travel through Asia, creating warm, relatable and conversion-focused content for hotels, travel brands and family-focused lifestyle brands.

FAMILY OF 4

CURRENTLY IN THE NETHERLANDS

ENGLISH / DUTCH

A family, *not a studio*

We are Auke and Yummee, travelling with Emma (6) and Elin (4). Your product gets used the way families actually use it: on the move, one-handed, mid-tantrum. That's exactly why it works — **honest enough to be believed, relatable enough to be shared.**

Family	4 — two adults, two kids
Languages	English / Dutch
Base	Netherlands → Asia
Delivery	Vertical 9:16

REAL USE

Filmed inside real family life — travel days, hotel rooms, mealtimes — not on a set.

READY TO POST

Fully edited 9:16 videos, delivered ready for your channels — extra hooks, CTAs and variations available on request.

ONE FAMILY, TWO MARKETS

Native content in English and Dutch from the same faces your audience gets to know.

FAMILY FRIENDLY TRAVEL

KIDS & FAMILY LIFE

CONSCIOUS FAMILY LIVING

TRAVEL ESSENTIALS

FOOD & LOCAL EXPERIENCE

Real family. Real travel. *Real content.*

01 Hotels & Destinations

Stays and places seen through a family's eyes — what the room is really like with a toddler in it, what the grounds offer at 7am, whether the breakfast works for kids. The content a family actually books on.

- → Hotel and holiday park experiences
- → Room, grounds and facility tours
- → Destination and area guides
- → Arrival-to-checkout narratives

02 Family Travel & Experiences

Life between the destinations: the travel days, the meals, the attractions, the small logistics that decide whether a trip works. Filmed as it happens, not staged afterwards.

- → Travel days and transit routines
- → Food and local experiences
- → Attractions and days out with kids
- → On-the-road family POV

03 Products & Lifestyle

Products in genuine use — packed, carried, folded into a car boot, still working after three years. Honest enough to be believed, structured enough to convert.

- → Real-use demonstrations
- → Long-term reviews
- → Unboxings and first impressions
- → Problem-solution and ad-style edits

The *road ahead*

HOTEL OR BRAND ALONG THIS ROUTE? **GET IN TOUCH BEFORE WE ARRIVE →**

We plan our route months ahead, which means there is room to build a collaboration around a place before we get there — rather than fitting one in afterwards. If you are on this map, the earliest conversations are the ones we can shape the most around your goals. We take on a maximum of five collaborations per destination, so the calendar closes early — for Thailand, before December 2026.
